

# MASSACHUSETTS WILDLIFE

Vol. LIII

No. 1

## FEATURES

### **MATCH THE HATCH FOR SHAD** 2

— Brian M. Wiprud

*Although shad don't feed during migration, knowing what they eat in the ocean provides good clues on why they prefer lures and flies of certain colors and size ...*

### **ENVIROTHON** 9

— Michelle Robinson

*The "Environmental Olympics" brings together teams of young people to learn, have fun, solve community problems, and compete for generous scholarships ...*

### **PHOTOGRAPHING WILDFLOWERS** 16

— Jerry Weinstein

*Newly retired after a long academic career, a lover of nature embarks on a challenging quest to photograph sedentary wildlife subjects in his own back yard...*

### **INCH BY INCH, MILE BY MILE** 22

— Carolyn E. Boardman and Beth Goettel

*The Silvio O. Conte National Wildlife Refuge can compete with the best in the country in terms of size, public outreach, and diversity of wildlife resources....*

### **ADVANCED TACTICS FOR SPRING GOBBLERS** 30

— Bob Humphrey

*A well seasoned guide offers some proven techniques to bring in that reluctant, cagey tom after all the standard methods have failed to achieve success ...*

### **American Shad: A Success Story, 6**

### **Director's Editorial, 15**

### **Scoring Your Turkey, 34**

### **2002 Sportfishing Awards Results, 36**

**On the Cover:** Shooting from a portable blind with Fuji Provia 100 F chrome film, MassWildlife photographer Bill Byrne used a 500 mm lens to isolate this big tom turkey from other jakes and toms competing for the attention of several hens. A few excited yelps from a mouth call brought up the color on the bird's wattles.
